Programs can only be entered in one (1) Program category.

### Who Can Enter – Craft Awards

Craft entries can be submitted with or without Program entries. If the Program does not qualify (see 'What Can Enter - Program Awards') an individual may still enter in any of the Craft categories in which they have an on-screen credit. The Craft Entrant must be a Canadian citizen or have permanent residence status, and have maintained a residence in British Columbia for the 12 months preceding commencement of principal photography of the Program entered for adjudication and filed their 2015 tax return in British Columbia. ### Contact Person

A Contact Person refers to the individual responsible for completing and submitting the Official LEO AWARDS 2017 Submission Form either for themselves or on behalf of an Entrant (eg. the Contact Person may be a production assistant or publicity or marketing coordinator). The Contact Person may also be the Entrant.

The Contact Person warrants that the Program(s) and/or individual(s) entered have met the eligibility criteria as listed above.

### Entrant

An Entrant refers to a person who has met the eligibility criteria of the 'Who Can Enter' section above. Often, submissions of entry are made by individuals other than the actual Entrant (eg. a production assistant or publicity or marketing coordinator).

If one of either a credited Producer, Co-Producer or Executive Producer meets the eligibility criteria (see section b of 'What Can Enter - Program Awards') then all of the credited Producers, Co-Producers and Executive Producers become eligible Entrants.

The Entrant warrants that the Program(s) and/or individual(s) entered have met the eligibility criteria as listed above.

### Qualifying Period

The Program must have been completed between January 1 and December 31, 2016 and be submitted according to the stated deadlines. A copyright notation at the end of the tail credits indicating copyright 2016 must also be included.

### How To Enter

All 2017 entries are to be submitted on-line at [www.leoawards.com](http://www.leoawards.com). Only entries that are complete will be accepted. Entries that are incomplete in any respect will be returned at the Entrant's expense. The Contact Person must notify all individuals put forward for consideration

that they have been entered. For information on how many DVDs to submit please see the Examples/Clarifications listed below. Entries must be accompanied by a synopsis. For a Series entry, a general synopsis for the entire series must be submitted. Any synopsis submitted must not exceed 60 words in length. The synopsis will be used as submitted in all publications pertaining to the awards, including press releases and jury kits. Entries must be accompanied by a complete list of on-screen credits. Entries must include the appropriate fees. Entries received after the final deadline(s) will not be processed.

#### **Conditions of Entry**

The Entrant must have received an on-screen credit in the category in which they are entered. The Entrant grants the LEO AWARDS the right to televise clips of up to two minutes in length. The Entrant warrants that all rights, including rights to the musical score, necessary to exhibit the Program within the context of the LEO AWARDS are assigned to the LEO AWARDS. The Entrant further grants to the LEO AWARDS in perpetuity the right to use any entry for future promotion of the LEO AWARDS. The Entrant covenants to indemnify the LEO AWARDS from any loss or damage suffered by it in the event that all such rights have not been transferred. The Entrant warrants that all individuals submitted for consideration herein have been notified of their entry. In any case in which the LEO AWARDS determine that the information required from the Entrant is inaccurate or incomplete, and that the program is therefore incorrectly entered, the LEO AWARDS reserve the right to declare the program ineligible to be submitted for nominations for any award. In the case of discovery of ineligibility after a nomination or award announcement, the LEO AWARDS reserves the right to revoke and demand return of any materials received in relation to such announcement and/or award, ie. certificates and/or trophies. The Entrant agrees that in the matter of dispute in regards to entries, the LEO AWARDS' decision shall be final. The Entrant acknowledges that the LEO AWARDS will retain a DVD copy of each award-winning Program for its archives. The Entrant grants to the LEO AWARDS, in perpetuity, the right to transfer a copy of the award-winning program to a volume storage device for purposes of archival storage, as the LEO AWARDS deem necessary. ## Examples/Clarifications

**We manage two different types of juries – a screening jury and a group jury.**

Screening juries include Feature Length Drama, Short Drama and Documentary. We send materials to jurors who screen independently and then gather for deliberation. We send out materials in groups of six. That's why we need six (6) DVDs.

Group juries include Information or Lifestyle Series, Reality Program or Series, Talk Series, Music, Comedy, or Variety Program or Series, Animation Program or Series, Youth or Children's Program or Series, Web Series, Music Video and Student Production. These juries meet as a group and screen together. That's why we only need one (1) DVD.

### **Individual Program Entries**

1. If entering an individual Program in the categories of **Feature Length Drama** or **Short Drama** or **Documentary Program** or **Series** and any number of Craft categories, the Entrant is required to submit **six (6) DVDs**.
2. If entering an individual Program (other than in the categories of Feature Length Drama or Short Drama or Documentary Program or Series) and any number of Craft categories, the Entrant is required to submit **one (1) DVD**.
3. If entering an individual Program and any number of Craft categories, including a **Performance entry**, the Entrant is required to submit the **performer's headshot**.
4. Note that in the **Performance (Voice) category in an Animation Program or Series** we **require a headshot of the character, not the Entrant**, along with the character name.

### **Series Entries**

1. If entering a Series for Program consideration only, the Entrant is required to submit two different episodes of the Series.
2. If entering a Series for Program consideration and any number of Craft categories, the Entrant is eligible to select entries from episodes other than the original two submitted. For example, if episodes 1 and 2 of 13 are the strongest complete shows, you may enter them for Program consideration. If you wish to enter a director from episode 4 or a writer from episode 9 you must also submit those episodes on separate DVDs. If all of your Craft entries are from the same episodes you are putting forward for Program consideration you only need to submit DVDs representing the two different episodes. Performance entries must always be accompanied by the performer's headshot. **The Entrant must provide all requested contact information for each individual entered for the purpose of direct notification in the event of nomination.**

### **Craft Only Entries**

Craft entries can be submitted with or without Program entries. If the Program does not qualify (see 'What Can Enter – Program Awards' above) an individual may still submit in any of the Craft categories in which they have an on-screen credit if they meet the requirements as indicated in the 'Who Can Enter – Craft Awards' above.

**All DVDs must be labeled with the Title, Running Time and Episode Name (if entering in a series category).**

**We accept standard DVD format only – no Blu-ray, mov, mp3/4, etc...**

**All Entries must be delivered in a sealed envelope or package to avoid loss.**

# Specialized Craft Category Definitions

## Visual Effects

Visual Effects refers to the wide range of techniques available to enhance (effect) live action footage. This involves creating elements through 2-D and 3-D digital paintwork and animation (or by producing traditional matte paintings and building models, etc.), and compositing the resulting elements into the live footage. Alternatively, visual effects work may not involve creating any new elements, and may simply entail the manipulation of the live action footage itself (morphs, split screens, etc.). **Note: an edited DVD of the 'as aired' effects, accompanied by a written synopsis of no more than 60 words describing the work or process involved, is required.** Entrants in the Visual Effects category may submit a compilation DVD. The program from which these segments are drawn must meet all other Program entry requirements. Entrants may also submit 'Before and After' shots. The Visual Effects Craft category is comprised of a maximum of 5 individual Entrants. Potential Entrants should include Post Production Supervisors, Visual Effects Supervisors/Designers, Digital Compositors, CGI Artists, Visual and Effects Coordinators.

## Sound

The Sound Craft category is comprised of a maximum of 8 individual Entrants. Required credits may include ADR Editor, Dialogue Editor, Dubbing Editor, Dubbing Mixer, Foley Artist, FX Editor, Location Recordist, Music Editor, Production Sound Mixer, Recording and Re-recording Mixer, Recording Engineer, Sound Design, Sound Editor, Sound Effects Editor, Sound Supervisor, Supervising Music Editor or Supervising Sound Editor.

## Performance

There is no limit to the number of Performance categories that can be entered. All Entrants in the Lead categories must be in at least 50% of the Program and all of the episodes of a Series being entered for consideration. All Entrants in the Supporting categories must appear in at least 30% of the Program or 50% of all episodes of a Series being entered for consideration. All Entrants in the Guest categories must be credited as a Guest Performer and be an addition to the fixed cast of the episode of the Series being entered for consideration.

## Host(s)

The Craft categories of Best Host(s) of an Information or Lifestyle Series, Reality Program or Series, Talk Series and Music, Comedy or Variety Program or Series may be comprised of a maximum of 2 individuals. The Entrant(s) must be in at least 50% of the Program or 50% of all of the episodes of a Series being entered for consideration.

## Stunt Coordination

Entry requirements include a copy of the Feature Length Drama program or 1 episode of a Dramatic Series to be entered for consideration **as well as a separate reel highlighting the stunts coordinated by the entrant. The reel should not exceed 5 minutes in length.**

*In 2016 we received over 2000 DVDs. Please note that we do not pre-screen materials prior to adjudication. We strongly urge you to view your materials prior to entry. Every year we are forced to remove entries from competition because we are unable to view them through some form of technical difficulty. Even commercial duplications may have problems. Our objective is to celebrate your work. Please help us do so by insuring your materials are viewable.*

**All DVDs must be labeled with the Title, Running Time and Episode Name (if entering in a series category).**

**We accept standard DVD format only – no Blu-ray, mov, mp3/4, etc...**

**All Entries must be delivered in a sealed envelope or package to avoid loss.**

Screening juries include Feature Length Drama, Short Drama and Documentary. We send materials to jurors who screen independently and then gather for deliberation. We send out materials in groups of six. That's why we need six (6) DVDs.

Group juries include Information or Lifestyle Series, Reality Program or Series, Talk Series, Music, Comedy or Variety Program or Series, Animation Program or Series, Youth or Children's Program or Series, Web Series, Music Video and Student Production. These juries meet as a group and screen together. That's why we only need one (1) DVD.

## **What other materials do I need to Submit?**

You will be sent a confirmation email indicating what materials you are required to submit. You must include a copy of the confirmation with your entry.

### **NEW**

Every Supporting Performance and/or Guest Performance entry must include a hard copy of the performers head shot with their name clearly written on the front.

Please print a copy of the linked form below to assist us in recognising your performance entrant and attach it to the head shot and include it as a part of your delivery requirements.

Download the form in PDF format here

## **Who is eligible for a Program Award?**

## **The production I worked on was an American (foreign) production, am I eligible to enter?**

Probably. The eligibility of a Program is not related to the eligibility of a person – despite the fact that the Program may not be eligible to enter the Leo Awards, YOU may be eligible. If you are a Craft Entrant you are eligible if you meet our residency requirements:

'The Craft Entrant must be a Canadian citizen or have permanent residence status, and have maintained a residence in British Columbia for the 12 months preceding commencement of principal photography of the Program entered for adjudication and filed their 2015 tax return in British Columbia.'

## **Does my Program have to have been broadcast or exhibited?**

Eligibility is based on completion and not broadcast or exhibition. There is no requirement that the program be broadcast or exhibited.

## **What format should my screening materials be in?**

We accept standard DVD format only – no Blu-ray, mov, mp3/4, etc... All Entries must be delivered in a sealed envelope or package to avoid loss.

## Adjudication Process

1. The Call for Jurors will be made to individuals working in the British Columbia film and television industries. Final selection of Jurors is subject to the approval of the LEO AWARDS. Jurors will be responsible for selecting the nominees and winners in each category.
2. Each jury is chaired by a film and/or television professional and will include a majority of individuals with expertise in which the jury is responsible, as well as individuals with expertise in different but related areas of film and/or television. Each jury will be composed of a number of individuals representing the Program and Craft areas in the categories being judged, including the Chair.
3. The jury may discuss the entries amongst themselves, however, individual ballots are secret.
4. All jury deliberations are confidential. The Chair of each jury shall be entitled to submit questions to the Rules & Regulations Committee for guidance.
5. Jury members must select the number of nominees designated on the ballots. If a ballot indicates five (5) nominees are required and only four (4) are listed, the ballot becomes spoiled and will not be included in the final tabulation.
6. Upon completion of the jury screenings, all ballots will be sent directly in sealed envelopes to Ernst & Young LLP Chartered Accountants for tabulation.
7. If fewer than three (3) entries are received, the LEO AWARDS reserve the right to collapse the category.
8. The number of nominations per category varies according to the number of entries.
9. Juries cannot change the category in which a program has been entered and must judge it against all other programs in that category.
10. The Official LEO AWARDS Nominees will be announced following the jury process.
11. Any appeals in regards to decisions made by the juries, or by the LEO AWARDS in accepting entries, will be heard by the LEO AWARDS Rules & Regulations Committee, an independent body of industry peers, at its earliest possible convening. For information about the Committee's membership and mandate please contact the LEO AWARDS.
12. While the LEO AWARDS will make every effort to resolve conflict of interest before the jury convenes, some conflicts may not be avoided. If such a situation should arise, the LEO AWARDS will try to minimize conflicts and balance the interests of all parties to secure the best-qualified jurors.
